

DEVON

MOTOR CARAVANS LTD

SUNRISE

The Sunrise is a very well equipped 4 berth motor caravan and is available based on the Nissan Urvan Toyota Hi-Ace or Mazda E2000. All these vans are renowned for their driveability and reliability, making them an ideal choice for those who use their motor caravans for everyday transport.

The layout comprises a four seater dinette behind the cab which converts into a double bed, with a separate fully equipped kitchen area at the rear. Access is available through both the side sliding door and the rear door/tailgate. In the spacious elevating roof there is an additional double bed.

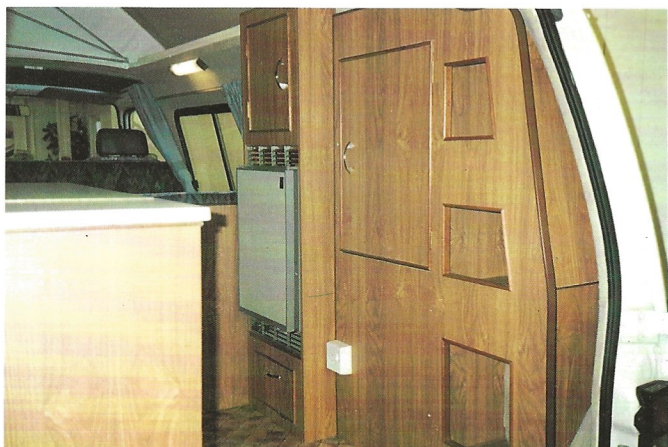

As with all **Devon's** the forward facing rear seats have seat belts as standard and the top quality velvet trim and foam are fire retardant.

Standard equipment includes:

- ★ Mains hook up. ★ Zig control unit.
- ★ Auxiliary battery with dual charger.
- ★ 12 gallon fresh water tank with electric pump.
- ★ Mains/12v/Gas fridge.
- ★ Stainless steel sink and drainer.
- ★ Stainless steel 2 burner hob with grill.
- ★ Storage space for Porta-Potti 235.
- ★ Smart real oak finish with all doors framed in solid oak.

Options include:

- ★ Seven seater layout – all with forward facing seats and seat belts.
- ★ Re-trimmed matching cab seats and door panels.
