

DEVON

SUNRISE

MOTOR CARAVANS LTD

The Devon Toyota Sunrise is a luxurious fully equipped motorcaravan based on the superb Toyota Hiace PowerVan. It has an elevating roof which gives the vehicle an overall height of only two metres when lowered enabling it to fit into most garages and under most height barriers. Combined with the car like design of the Toyota the Sunrise is as enjoyable to drive and as easy to manage as a large estate car.

The elevating roof is of a special lowline design which, whilst barely adding to the overall height of the vehicle opens up to give a feeling of real spaciousness. Its operation is assisted by gas struts and requires little more effort than opening and closing a tailgate.

The Toyota comes with power steering, central locking, tinted glass and stereo radio/cassette player as standard and has independent suspension all round. For those who use their motorcaravan as every-day transport the Toyota must be worth serious consideration.

The Sunrise is available with two layouts: layout one has two single beds and a rear kitchen and layout two has the kitchen units down the offside of the vehicle and a double bed. Both layouts are designed primarily for two people, but a child's bed can be provided in the roof if required. The rear seat passengers are carried in forward facing seats with seat belts.

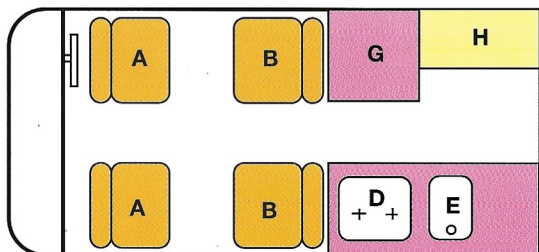

The kitchen comes fully equipped with a stainless steel two burner hob and grill, matching sink and a large 60 litre fridge that works from gas, 12v or mains electricity. Fresh water is held in an underfloor tank with lockable side filler and is supplied via a tap operated electric pump. There is an auxiliary battery, mains hookup and a zig unit with auxiliary charger. An optional Porta Potti is available.

The furniture is handmade by craftsmen from lightweight ply and is available in a choice of finishes. The upholstery is of top quality velour, buttoned and quilted for extra comfort, with velvet curtains.

By combining the legendary Toyota reliability with Devon's reputation for lasting quality, the Sunrise is a motorcaravan that will provide years of trouble free motoring whilst being a pleasure to drive and own.

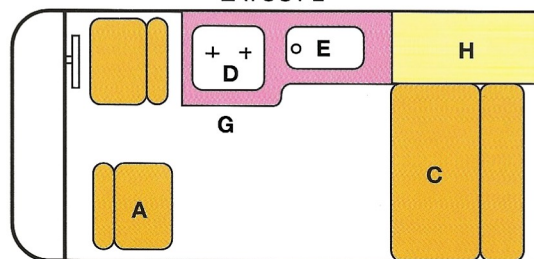

LAYOUT 1

- A Swivel Seat
