

THE
DEVON TOYOTA
TourAce
MOTOR CARAVAN

A TABLE FOR 4 BY THE WINDOW

Introduction

The Devon TourAce is yet another top quality conversion from one of the country's leading specialists. And, while thoughts of a motor caravan may conjure up pictures of holidays and long weekends in the country, it really needn't end there.

Naturally, your Devon TourAce gives you instant freedom - all the independence of camping but with a handy retreat when it rains, the open air life with most of your home comforts. But, these days, motor caravans offer so much more.

For a start, the TourAce drives like a car but with the added advantage that you ride high with a clear view of the road.

Then, when you need it, it doubles as a removal van, even the seats can be removed to give extra capacity, a grandstand view of the races, or a spare room for that

welcome but unexpected guest.

The TourAce is all these things and much, much more.

Equipment

In the TourAce, we have created a real feeling of space, a light and airy interior with improved access to all the equipment even, at night, when the comfortable beds are in position.

An even wider sliding door gives convenient access to the interior accommodation, while the huge top-hinged rear door can provide welcome shade from the sun when dining outdoors.

Dining

Comfortable bench seating, on either side of the table, is trimmed in a pleasant gold-checked, woollen fabric. Lighting is provided above the dining area for evening meals and the detachable table stores conveniently out of harm's way when not in use.

Catering for all the family

The redesigned kitchen layout, now at the rear of the vehicle, provides much improved cooking and washing up facilities and also allows free access right through the vehicle when the beds are made up.

The kitchen units are in contrasting gold and ivory colours with tough, scratch-resistant work surfaces, and sensible vibration proof catches. Kitchen equipment consists of a two burner gas cooker and grill with storage for gas bottles beneath. A stainless steel sink, with electric water pump, and Electrolux refrigerator complete the catering equipment. Further fluorescent lighting is fitted to the kitchen area.

Storage space

Kitchen cupboards, a wardrobe and large storage spaces under the seats provide masses of room for clothes and bedding, whilst the water container is in a separate cupboard and can be filled in situ. Access to the rear of the cupboard is available via the rear door of the

vehicle and this also provides security for items which need to be stowed out of sight.

Cosy beds for all the family

By simply folding the dining seats, a comfortable 6' plus double bed is available and when we go 'upstairs' the unique, elevating roof provides additional sleeping accommodation for either a double or two single beds for children.

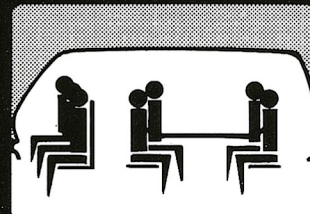

Further fluorescent lighting is provided 'up top' and the elevating roof has a ventilator which is fitted with a flyscreen.

Trim and finish

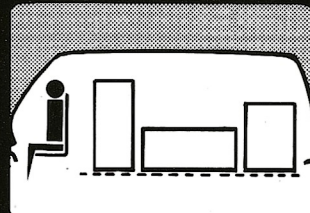

Quality has always been the hallmark of Devon motor caravans and the TourAce is tastefully finished in gold-checked woollen mix material with matching curtains and a hard wearing, dirt resistant carpet. The outside of the vehicle is finished with contrasting side stripe and TourAce livery. A handsome and eye-catching vehicle which will give years of enjoyment and practical ownership.

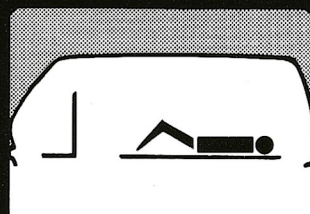

Dining for four

Seating for seven when used as a mini-bus

Removal van with seats removed

A spare room for unexpected guests

Grandstand seats at point to point

And dozens of other uses apart from holidays and picnics

AND COSY COMFORT BY NIGHT

DEVON TOYOTA BUSES

Devon Toyota buses are available as 12 or 14 seaters to suit the growing demand for an economical runabout for small businesses or private users.

All seats face forward and are attractively covered in hardwearing, vinyl with cloth inserts. The side door is extra wide to enable easy entry and exit and the floor is covered in practical, hardwearing, carpet.

Access is also available through a large rear doorway which has a step to facilitate entry and exit.
