MOONRAKER

The Moonraker is a firm family favourite based on the Volkswagen Transporter and is a full four berth with optional fifth berth in the cab.

It has the stylish hi-top as standard but is also available with insulated, solid sided elevating roof or side elevating if preferred.

The Moonraker is sensibly priced for family use and comes fully equipped with gas and 12v fridge, stainless steel sink and cooker with grill, rear seat belts, upholstered seat/toilet storage box, ingenious 7 gallon fresh water tank on wheels, large wardrobe and dashboard storage tray.

With the large range of options available you can make your Moonraker as luxurious and as individual as you wish.

These include:-

- ★ Auxiliary battery with dual charger.
- ★ Underfloor freshwater and waste tanks.
- ★ Real oak finish furniture with solid oak edging.
- ★ Retrimmed cab seats and door trims.
- ★ Swivelling front seats with centre table.
- ★ Front spoiler. ★ Twin headlight grille.
- ★ Choice of trim materials and colours.
- ★ Zig control unit.

Whether you are looking for a new vehicle or converting a secondhand one, the Moonraker conversion with the reliability of the Volkswagen Transporter makes a most practical and affordable proposition.
